**Re: Registration Maintenance Points for:
Be2005 – International Beryllium Research Conference**

The Registration Maintenance Committee of the Canadian Registration Board of Occupational Hygienists has reviewed above captioned event and awarded Registration Maintenance (RM) points.

Based on the IRSST website information provided, the Committee will award 1.0 point for each full day and 0.5 point for each 1/2 day of Conference attendance to any registrant requesting such award upon proof of attendance (Award 2005-33).

Please note that this award is based solely upon the information contained in your website as observed on February 12, 2005. If the information changes substantially, this award may be void and a new application for maintenance points award will be required.

If any questions regarding this award arise, you may contact me in Burlington at (905) 639-5789, fax (905) 639-9460 and by email at jorser@wesa.ca. Letters mailed to the address below will be forwarded to my attention.

Respectfully,

John R. Orser, OHST, ROHT, Environmental Technologist
Chair, Registration Maintenance Policy Committee
